Communication in the Classroom

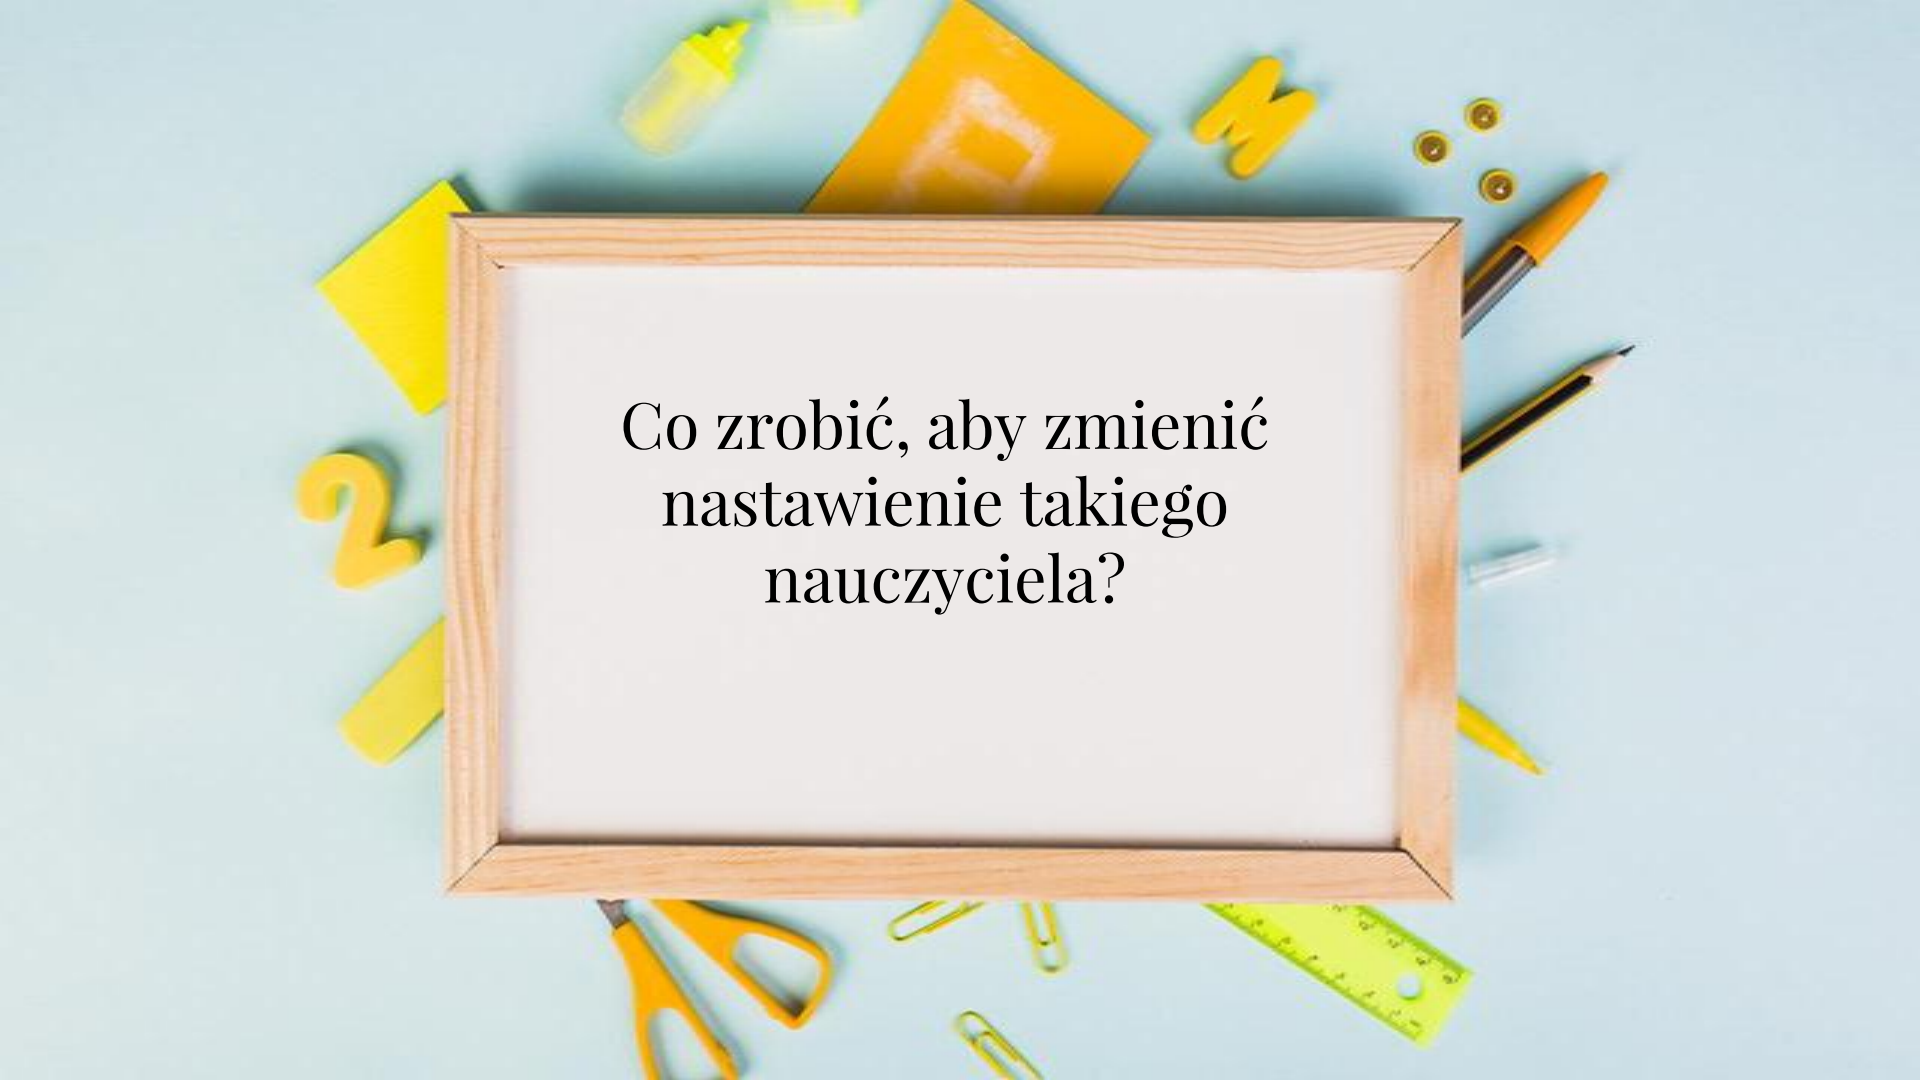

This is Mr Smith, he is an English teacher. He's feeling quite negative about his English classes at the moment, please could you help him to be more positive.

When we do speaking activities the children only say 2-3 words in English.

When I ask a question in English they answer in L1.

When they do pair work they start in English but quickly go back to L1.

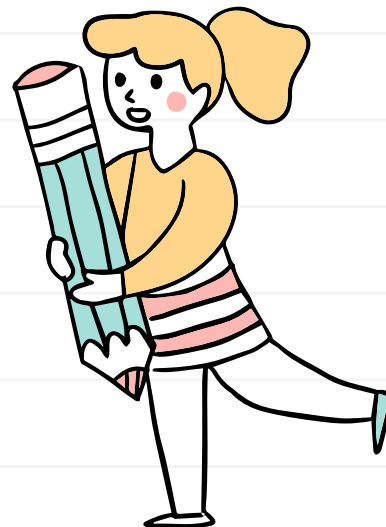

Co zrobić, aby zmienić
nastawienie takiego
nauczyciela?

Marzenie w końcu się spełniło –
szkolenie się odbyło i to w jakim
